Joe Pack
U.S. Olympic Ski Team

When Joe Pack suffered both an ACL and an MCL tear, some thought his freestyle aerial skiing career was over. He knew he was just getting started. Three World Cup championships and an Olympic silver medal later, he's still speeding 40 mph downhill before hitting a 12-foot deck that catapults his twisting and turning body 60 feet into the air. He wouldn't dream of jumping without his DonJoy Defiance III brace. As a market leader for 28 years and running, DonJoy is the name world-class athletes trust with their most treasured asset – their bodies. They know as well as anyone, confidence is the result of dedication, hard work, and vision. Call 800.321.9549 or visit DonJoy.com for more information about our entire line of functional knee braces.
